- Time-release liposomes deliver hydration between skin cells
- Works with wet and dry foundations
- Over time, aids in evening skin tone
- Thins foundations for sheer coverage
- Conditions makeup brushes
- Refreshes skin during travel

Applied via a fine mist, Cinema Secrets Moisture Spray rejuvenates delicate facial skin and absorbs excess powder for a dewy finish. Made with many of the same ingredients found in high-priced, oil-based creams, Cinema Secrets Moisture Spray is a light spray that adds moisture and hydration before or after makeup application.

Collagen and Sodium Hyaluronate moisturize skin for a radiantly smooth appearance. Makeup stays fresh, lines soften, and flaking diminishes, leaving skin ultra-soft—with no greasy residue.

Apply Cinema Secrets Moisture Spray daily directly to skin to boost hydration as needed. To use with makeup, like Cinema Secrets Ultimate Foundation, dampen a cosmetic sponge before loading with makeup for smoother, thinner application. Spray over finished makeup to absorb excess powder and give skin a soft, dewy complexion. Lightly spray brushes to condition during storage. Spray face and arms to refresh and hydrate skin during travel or throughout the day!
